GUIDE FIGURES - CHECK THE INDIVIDUAL VEHICLE BEFORE HIRE

[1] Body width excludes mirrors and handles. [2] Height varies with load and specification.
[3] Load-through length applies to suitable narrow items when the bulkhead flap is fitted.
[4] Occupants, accessories and lining reduce the remaining cargo allowance. Check the vehicle plate and actual laden weight; gross and axle limits must both be observed.
Dimensions are nominal; lining can reduce usable space. Later-generation vans differ.
